Motion was made by Trustee Graham and seconded by Trustee Ianni to move the following resolution;

RESOLUTION ESTABLISHING CYBER SECURITY NOTIFICATION POLICY

WHEREAS, under New York State's Information Security Breach and Notification Act, every local government must individually adopt its own notification policy; and

WHEREAS, the Village of Corfu desires to establish such a policy as follows;

A. This policy is consistent with the State Technology Law, Section 208 as added by Chapters 442 and 491 of the laws of 2005. This policy requires notification to affected New York residents and non-residents. New York State values the protection of *private information* of individuals. The Village of Corfu is required to notify an individual when there has been or is reasonably believed to have been a compromise of the individual's *private information* in compliance with the Information Security Breach and Notification Act and this policy.

B. The Village of Corfu, after consulting with the State's Office of Cyber Security and Critical Infrastructure Coordination (CSCIC) to determine the scope of the breach and restoration measures of its

compromised *data*, must notify an individual when it has been determined that there has been, or is reasonably believed to have been a compromise of *private information* through unauthorized disclosure.

C. A compromise of *private information* means the unauthorized acquisition of unencrypted computerized *data* with *private information*.

D. If encrypted *data* is compromised along with the corresponding encryption key, the *data* is considered unencrypted and thus falls under the notification requirements.

E. Notification may be delayed if a law enforcement agency determines that the notification impedes a criminal investigation. In such case, notification will be delayed only as long as needed to determine that notification no longer compromises any investigation.

F. The Village of Corfu will notify the affected individual directly by one of the following methods:

- Written notice;
- Electronic notice, provided that the person to whom notice is required has expressly consented to receiving said notice in electronic form and a log of each notification is kept by the Village of Corfu who notifies affected persons in such form;
- Telephone notification provided that a log of each such notification is kept by the Village of Corfu who notifies affected persons; or
- Substitute notice, if the Village of Corfu demonstrates to the state Attorney General that the cost of providing notice would exceed \$250,000.00, that the affected class of persons to be notified exceeds 500,000, or that the Village of Corfu does not have sufficient contact information. The following constitute sufficient substitute notice:
 - o E-mail notice when the Village of Corfu has an e-mail address for the subject persons;
 - o Conspicuous posting of the notice on the Village of Corfu's web site page; and
 - o Notification to major statewide media.

G. The Village of Corfu must notify, CSCIC as to the timing, content and distribution of the notices and approximate number of affected persons.

H. The Village of Corfu must notify the Attorney General and the Consumer Protection Board, whenever notification to a New York resident is necessary, as to the timing, content and distribution of the notices and approximate number of affected persons.

I. Regardless of the method by which notice is provided, the notice must include contact *information* for the Village of Corfu making the notification and a description of the categories of information that were, or are reasonably believed to have been, acquired by a person without valid authorization, including specification of which of the elements of *personal information* and *private information* were, or are reasonably believed to have been, so acquired.

J. This Policy also applies to *information* maintained on behalf of the Village of Corfu by a *third party*.

K. When more than 5,000 New York residents are to be notified at one time, then the Village of Corfu must notify the *consumer reporting agencies* as to the timing, content and distribution of the notices and the approximate number of affected individuals. This notice, however, will be made without delaying notice to the individuals.

DEFINITIONS

The state attorney general is responsible for compiling a list of consumer agencies and furnishing the list upon request to the Village of Corfu.

Data: Any *information* created, stored (in temporary or permanent form), filed, produced or reproduced, regardless of the form or media. *Data* may include, but is not limited to personally identifying *information*, reports, files, folders, memoranda, statements, examinations, transcripts, images, communications, electronic or hard copy.

Information: The representation of facts, concepts, or instructions in a formalized manner suitable for communication, interpretation, or processing by human or automated means.
